Education & Experience

This will give us an idea about your experience and skill level. Don't worry if you don't have much to say in here, we only use this to judge how much training you'll need, it doesn't have a bearing on our decision to take people on.

How much IT Experience do you have?	None at all, 0-1, 1-3, 3-5, Over 5 years
At what age did you leave fulltime education?	
Do you have any professional IT qualifications (MCP, COMPTia, CCNA etc)	
Have you ever held a customer services role?	

Some random questions

Taking people into the Puzzle team isn't something we take lightly. We want to make sure we find people who will fit in with our team and our philosophy. These questions will help us get to know a bit about how you think, and let us get to know you a bit. There are no right or wrong answers so don't give it too much thought. If you want to give explanations for your answers please feel free. Some of the questions will seem stupid, in fact most of them will, but we think it's more fun and more enlightening than a typical application form.

On second thoughts, there are right and wrong answers.

What's your favourite breakfast cereal?	
Name a band that you hate (other than U2)	
When was the last time you played on a swing?	
Can you play an instrument?	
Who do you think would win in a fight between a bull and a bear?
